

Marietta High School Track Facility Access SPRING 2019

During the Spring of 2019, the traditional parking and access routes to the Marietta HS Track Facility are not accessible due to the construction of a new facility that is being added to the Marietta HS building. All events hosted at Marietta HS for Track, Soccer, Lacrosse or Tennis will need to follow an alternative parking and access plan, as there is no access from the front parking lot through the construction zone (ORANGE ZONE). All team buses, referees, coaches and spectators will need to park in the parking lot adjacent to Manning Road (YELLOW ZONE) and walk to the Track Field or Tennis courts.

We would like to thank everyone for their patience and flexibility as we make progress towards improving our facility. Please share this document with all coaches, parents, bus drivers and spectators to raise awareness.

Craig McKinney

Director of Athletic Development
